---

The Covid pandemic is still affecting the leagues with entries just 60% of 2019 levels and score returns delayed by competitors having to self isolate. All competitors with cards still unshot have the opportunity to catch up by the next match period, i.e. complete all four rounds by the end of May.

I've also found it necessary to re-classify some competitors. This has been kept to a minimum and only where the score was far in excess of other competitors in the same division.

### **FRONT COVER**

#### **Man O' War Cove**

The unique geology of the Dorset coastline lends itself to the formation of numerous small picturesque coves, caused when the sea breaks through the hard layer of Portland stone and starts eroding the softer layers beyond. Man O' War Cove, lying within St Oswald's Bay, gets its name from the central reef formation, supposedly reminiscent of a naval warship, and is one of the many examples of this process.
