FRONT COVER

Brandy Bay & Kimmeridge

Six miles of Dorset coastline from a viewpoint on the higher reaches of Gad Cliff. The photograph shows Brandy Bay in the foreground, Kimmeridge Bay with its dolomite ledges centre, and St Aldhems Head cutting the horizon in the background.

Kimmeridge is home to the oldest working oil well in the UK, operating continuously for nearly 60 years.

The Clavell Tower visible on the headland at Kimmeridge was moved 25 metre away from the eroding cliff line in 2006 at a cost just short of £1,000000. It is now used as a holiday let in an attempt to recover costs.

Current and archived results, Gas & Air, averages etc., are also published in PDF format on www.dsrpa.co.uk
