FRONT COVER

GA273 Poole Harbour

Although Poole Harbour lays claim to being the second largest natural harbour in area in the world it is by no means uncontested. By constant dredging a channel deep enough for vessels up to about 20,000 tons is maintained, but on average depth of water is probably only about 500mm.

Wytch Farm, the largest onshore oil field in Western Europe is on one side of the harbour, while Sandbanks with property values amongst the highest in the world, lies on the other.

A strange mix of contrasts

Current and archived results, Gas & Air, averages etc., are also published in PDF format on www.dsarpa.co.uk
