FRONT COVER

South West Coast Path

The Dorset coast with the South West Coast Path and St Oswald's Bay in the foreground, and Swyre Head and Bat's Head in the distance.

The South West Coast path starts on the edge of Poole Harbour and closely follows the coast through Dorset, Devon and Cornwall, until it reaches Minehead in Somerset. The path was originally a coastguard route to stop the smuggling that was rife in the 18th and 19th centuries. The path covers a distance of about 650 miles, and it has been estimated that the ascents made when traversing the route would be the equivalent of four times the height of Everest. I have to say that when covering the Dorset section it also feels like it.

Current and archived results, Gas & Air, averages etc., are also published in PDF format on www.dsrpa.co.uk
